

Osaka Prefectural Otemae High School Part-time Course

Response during emergencies

- (1) If it is anticipated in advance, we will contact you by the end of the previous workday.
- (2) Information will be posted simultaneously in Google Classroom. Please refrain from making inquiries by phone.

☐ **Weather: When warnings, hazard warnings, or special warnings are issued**

alarm	"Storm Warning," "Hazard Warning," or "Special Warning"
Region	Osaka City
Start of class	If the above alert is lifted by 3 p.m....as usual If the above alert is lifted by 4 p.m.... Classes start at 6:30 AM However, please make sure to attend school without overexertion.
school closure	If the above alert is still in effect as of 4:00 PM
Student Response	Even if the school is not temporarily closed, if a storm warning, danger warning, or special alert has been issued for your residence or commuting route, and you judge that attending school is dangerous, please contact your homeroom teacher or grade teacher. In such cases, it will not be treated as absence or tardiness. Also, in the case of the exam, care is taken to avoid disadvantages.

☐ **When an earthquake occurs**

How to Send Messages	Broadcast via Google Classroom
School Support	If an earthquake of seismic intensity of 5 lower or higher occurs in Osaka Prefecture While in school: Class suspension and waiting at school are generally required. Leave school sequentially after checking the transportation conditions and safety During commuting to and from school: Ensure your safety and evacuate or wait at the nearest location, either school or home.
Home Assistance	Please check the emergency evacuation and meeting points for each household in advance.

* When a J-Alert is issued in Osaka Prefecture, it is also treated as an earthquake occurrence.

☐ **When public transportation is suspended**

Transportation	Transportation used for commuting to school
Student Response	Please promptly notify your homeroom teacher or grade teacher if you notice the service is suspended. Absence or tardiness will not be treated. During the exam, we take care to avoid disadvantages.
